The Connection
Engaging our community in the fight against homelessness

Mission of Hope House

Mission of Hope House (MOHH) is a non-profit organization.
Our Mission is to promote self-sufficiency and improve the lives of families affected by poverty and homelessness.
Our Vision is to engage our community in the fight to end homelessness.

“Meet the Need”
The Bridge Thrift Store & MOHH work as one entity to meet the needs of not just clients, but community members as well. If you are in need of food, hygiene products, household items or clothing, please contact MOHH at 920.249.4553. We can provide you with these every day needs & we also offer vouchers to our thrift store for clothing and household items. All proceeds from The Bridge Thrift Store go to support the Mission of Hope House.

Message from our President

Recently, I saw a short YouTube video where a young man spoke of hope, and purpose; and in the discussion of “why” we do things, his message spoke of when we know and understand our “why”, then our “what” becomes more impactful and purposeful.

The Mission of Hope House needs that “what”, and the “why”- and also the “who”.

What is needed? Purposeful action, programs, resources, classes and mentors are needed as families and individuals become supported with the means of becoming self-sufficient.

Why? To create a movement of change to help others, ending poverty and the stigma of homelessness.

Who can be helpful? Volunteers and generosity through donors/donations support the efforts of everyone associated with this mission. We all can have a role as we volunteer our time, talents, skills, knowledge, financial support and compassion.

Our purpose in life may not necessarily move mountains with a single huge impactful action and yet our simple compassionate action may stir a huge impact for an individual and a ripple effect for generations. That’s a powerful why”.

Warmly,
Patricia Toney, Board President

Operational Changes Related to the COVID-19 Pandemic
We have all been impacted in some way or another by the recent Coronavirus COVID-19 pandemic. Our focus through this crisis has been on keeping staff and clients safe. Housing of clients was suspended in early April but our services go beyond housing clients. We offer case management, life skills education and referral services in addition to the “Meet the Need” program.
